## Orinda Rotarians Donate Equipment For First Aid

Announcement was made this week of the donation to the Orinda Fire Department of completely new first aid outfits for all three fire stations from the Orinda Rotary Club.

Outgoing President Robeson E. Smith made the announcement this week after purchases were completed from a list compiled by Rotary's five doctor members, all practicing Orinda physicians and surgeons, who praised the unusual job the fire department has done over the years in responding to first aid calls by residents.

Smith stated that the donation was in part inspired by the excellent work done by the Orinda Woman's Club and Junior Chamber of Commerce in raising funds for two new resuscitators for the department.

"LAST YEAR the Orinda Fire Department received 347 calls of all kinds from residents," Smith said. "Of these, only 50 were genuine fire calls and 78 required immediate emergency first aid."

"As an indication of the seriousness of many of these calls, over 60 per cent required further hospitalization and medical care. Orinda doctors estimate that at least six lives were saved in the last several years by the quick action and training of the fire department."

In May the Rotary Club gave recognition to Fire Marshall Bill Koch's contribution in this field by electing him to honorary membership.

Koch is senior first aid instructor for the Mt. Diablo Chapter of Red Cross, and in addition to training his own men, contributes hundreds of hours per year conducting first aid classes in central Contra Costa County.

"THE ROTARY CLUB Board of Directors discovered that Koch's men were doing this remarkable job out of a single homemade wooden box filled with ordinary

David I. Wendell, attorney for Walnut Creek's Kenneth Richardson, who brought the action against Maisel, said that Maisel has now complied with most of the requirements of an earlier agreement which takes him out of the subdivision tract sales business.

The attorney also said there is agreement on the remaining points, and thus there is no need to go to court.

THE AGREEMENT, in addition to requiring that Maisel leave the tract sales business, required that salesmen's contracts and offices be returned, that exclusive rights to trademarks, sales emblems and advertising color schemes also be returned.

Richardson and Maisel first joined forces in 1955 when Richardson turned over a business doing \$40 million annually in gross sales.

A number of Richardson holdings were combined into the K/R Maisel Co. and Richardson was to abandon all tract sales and receive 5 per cent of gross commissions for 10 years.

MAISEL ANNOUNCED a sales program involving \$165 million worth of Northern California homes in 1956, but at the time the suit was filed a check showed three offices with less than a

Directors of the Central Contra Costa Sanitary District heard protests to this year's property assessments, at a meeting July 3.

Much of the time was taken up by board members' explanations of how the assessments were determined, and the basis used.

The rate of the assessment is based on the present use, but on the future possible use, they repeated, as homeowners packed the room to offer their individual objections.

The rate is based on frontage of the land, the zone assigned to it, and other factors.

Said one member: "Even if a house is located in the middle of two units in such a way that only one sewer connection is made, it is assessed as two units because that house can burn down or be moved."

The board members announced that they are ready to call for bids for the construction of sewer lines in the Charles Hill Road district in Orinda.

The Charles Hill sewer work is being done in connection with freeway construction of the California Division of Highways, and will tie into State Lines under an agreement.

The project is part of a program authorized under a \$3,900,000 bond issue.

The board planned to meet last night to consider applications for the post of legal counsel to the district. The next regular meeting is scheduled for July 17.

## Rotary Club Donates to AFS Fund

The Orinda Rotary Club has contributed \$100 to the new American Field Service program called Americans Abroad in the hope that it will be the initial step in setting up a reserve fund to stabilize both this and the regular AFS student program.

Five years ago Orinda Rotary brought the first AFS student to Contra Costa County and has supported the program strongly ever since, both with funds and services to the foreign students while here.

"Rotary is proud to have pioneered this program, not only locally, but in the entire West," said Robeson E. Smith, outgoing Rotary president. "We have often stressed the desirability of sending an American student abroad for a longer period than a mere summer vacation as part of the exchange program."

The new arrangement of providing a full school term in a foreign country can easily be supported by the community. This contribution is intended primarily to build a small reserve fund to ensure continuity of the program.

An increase earlier this year prices, the commission said, and was to meet increased wholesale described the current hike as the first general service rate increase since 1951.

Joseph A. Duffel, new Rotary president, stated that the donation will not affect Rotary's regular contributions to the annual drive, but is considered only an extra sum to give greater financial stability to the program. He urged other organizations to give similar support.

Mrs. S. Greenings, 23 Via Hermon, as chairman for the AFS program in Orinda, thanked the Rotary Club for its long support and counselling that has helped to make the program a success.

Public Works: Palombo, H. S. Dodge, Laws, Wilbur MacFarlane, Mooney.

## Ruling Hikes Rate On Gas In This Area

Rate increases granted the Pacific Gas & Electric Company will raise the rates of average users in this area from 35 cents to 65 cents per month, the State Public Utilities Commission reported yesterday.

The commission Wednesday approved a 4 per cent rate hike affecting customers in 33 Northern and Central California counties.

G. C. Young, senior engineer for the commission, told the Sun that monthly rates for consumers in Orinda, Lafayette, Walnut Creek and Pleasant Hill would be increased as follows:

For 5,000 cubic feet, from \$3.94 to \$4.27; for 10,000 cubic feet, from \$6.75 to \$7.38; for 18,000 cubic feet, from \$10.94 to \$11.59.

Average use, Young said, ranges from a low of 4,611 feet in July to 18,000 feet in January.

The commission estimated that the increase would come to \$9.5 million a year for the 1,483,000 users in the entire area. The amount is slightly more than half of the \$18,000,000 asked by the company at hearings last January.

An increase earlier this year prices, the commission said, and was to meet increased wholesale described the current hike as the first general service rate increase since 1951.

## Central County to Benefit From Road 'Retop' Program

The central county area will benefit considerably from the annual seal coat program for the county roads, according to Victor W. Sauer, County Public Works director.

He said that 120 miles of county roads will be retopped, within three months.

The seal coat consists of two layers of rock and oil, which provides a seal over the existing surface.

THE WORK will be done by county forces, with the materials furnished on a competitive basis. Cost of the entire program will be about \$200,000.

In Pleasant Hill, plans are for laying of two miles of plant mix in Gregory Gardens, which will provide actual improvement of the streets, rather than mere strength.

"Retopping" in Pleasant Hill is planned for portions of Manor Avenue, Via Del Sol, Pleasant Valley Drive, Sun Valley Drive.

WORK WILL start in Lafayette and Orinda late in August, and will cover about 16 miles.

Roads, portions of which will be retopped, include the following: Springhill, Beachwood, Court, Orchard, Lower Happy Valley, Dewing Lane, Carol Lane, Janet Lane, Topper Lane, Camino Valiente Court, Marguerite Court, Upper Happy Valley, Miner

County Assessed Value Up \$31 Millions by Report

The Contra Costa County Board of Supervisors this week accepted a report by County Assessor C. L. Dunklee indicating that the assessed valuation is up some \$31,285,385 over last fiscal year.

Dunklee said that much of this increase is due to industrial and commercial gains, and "not to any great expansion in residential buildings."

He added, "The figure also includes a loss of \$1,500,000 through the annexation of certain territory to Alameda County."

"WHEN ALL THE figures are in, the total county roll this year will approach approximately \$735,000,000, putting Contra Costa County well within the top 10 counties of the state."

Dunklee said, "This increase in the assessed valuation is the second largest in the history of Contra Costa County and it should be most encouraging to the citizens as well as business and industry in that this area has been able to maintain an accelerated growth in the light of recent economic activity."

Walnut Creek's assessed value for 1958-59 is \$17,174,550 for those properties within the city limits.

With \$1,286,060 in exemptions, the net value is \$15,888,490, and the net gain is \$1,364,915.

THE "AREA" about Walnut Creek including the school district, is valued at \$17,294,000, and the net value is \$15,618,130 after exemptions of \$1,675,870 are subtracted.

The net gain for the "area" about Walnut Creek is \$656,480.

Lafayette gross assessed value is listed as \$28,089,330, and the net value as \$26,243,635. Exemptions subtracted from the "gross" were \$1,845,695, and net gain is \$1,558,035.

Orinda: gross value, \$21,850,010; net value, \$20,599,725; exemptions, \$1,250,285; net gain, \$928,220.

MORAGA: gross value, \$3,424,340; net value, \$2,204,655; exemptions, \$1,219,685; net gain, \$100,065.

Alamo: gross value, \$6,512,350; net value, \$6,232,615; exemptions, \$279,535; net gain, \$372,350.

San Ramon: gross value, \$1,989,190; net value, \$1,979,340; exemptions, \$9850; net gain, \$244,490.

All games are scheduled for 6:30 p.m. Mondays and Thursdays.

Seventh and eighth graders play baseball at Miramonte School; fifth and sixth graders play softball at Orinda and Pine Grove Schools, and third and fourth graders softball games are at Glorietta and Del Rey Schools, and Del Rey Schools.

Sponsors are civic groups and merchants.

## State Promises Access to Road During Work

State Division of Highway officials declared yesterday that traffic disturbance will be kept to a minimum during construction of the "missing link" freeway between Lafayette and Orinda.

Bids will be opened July 23, and the successful bidder will probably start construction by August 15 at the latest.

Assistant Highway Engineer Jim Palabay was unable to give an estimated construction time, but explained that the work will proceed in five stages.

"At no time during the construction," Palabay said, "will residents of Lafayette and Orinda who have present access to Mt. Diablo Boulevard be cut off from the highway."

"THEY MAY HAVE to use frontage roads, and possibly detour a ways, but they will always be able to get where they are going and, we hope, with a minimum of trouble and confusion."

The freeway link will extend from the west end of the Lafayette bypass to the east end of the Orinda interchange freeway. A full cloverleaf will be constructed at Happy Valley Road and an undercrossing at Charles Hill Road.

During stage one construction traffic will use the existing roadways, while the northern and southern frontage roads are constructed and parts of the Happy Valley cloverleaf are built. There will be no traffic detours, and access to the highway will remain as it is now for most residents.

THE APPROACHES to the Charles Hill underpass will be built at the present site of Charles Hill and Alameda Roads.

"In order to provide access for Orinda residents who depend on these roads, we will probably construct one side first, allowing traffic to use the other side, then reverse the procedure," said Palabay.

Traffic signals will also be placed at the intersection of the frontage road and Alacanes Valley Road.

In the next stage of construction, traffic will use the existing highway except for detours at Happy Valley Road and Charles Hill Road, where the underpass and bridge structures will be built.

TRAFFIC ENTERING the highway from Alacanes Valley Road will be controlled by signal, much in the same way that traffic has been controlled during construction of the Walnut Creek interchange.

During the third stage of construction traffic will use the existing roadway, which will become the west-bound lanes of the eventual freeway, but the undercrossing at Happy Valley Road will be completed as will a portion of the Charles Hill undercrossing.

In stage four, traffic will be able to use the Charles Hill structure, and will use frontage roads and the present roadway while complete grading and paving of the eastbound freeway lanes for the entire length of the freeway is under construction.

In the final stage, traffic will be routed over the completed freeway except for a short detour in the Charles Hill area and Happy Valley interchange for grading of the final westbound lanes.

WHEN THE FREEWAY is completed, access will be available only at Charles Hill and Happy Valley Roads. Residents who live in areas between these roads will have to travel by frontage road to one of these points if they wish to enter the freeway.

But at no time, said the engineer, will anybody be closed off from the freeway.

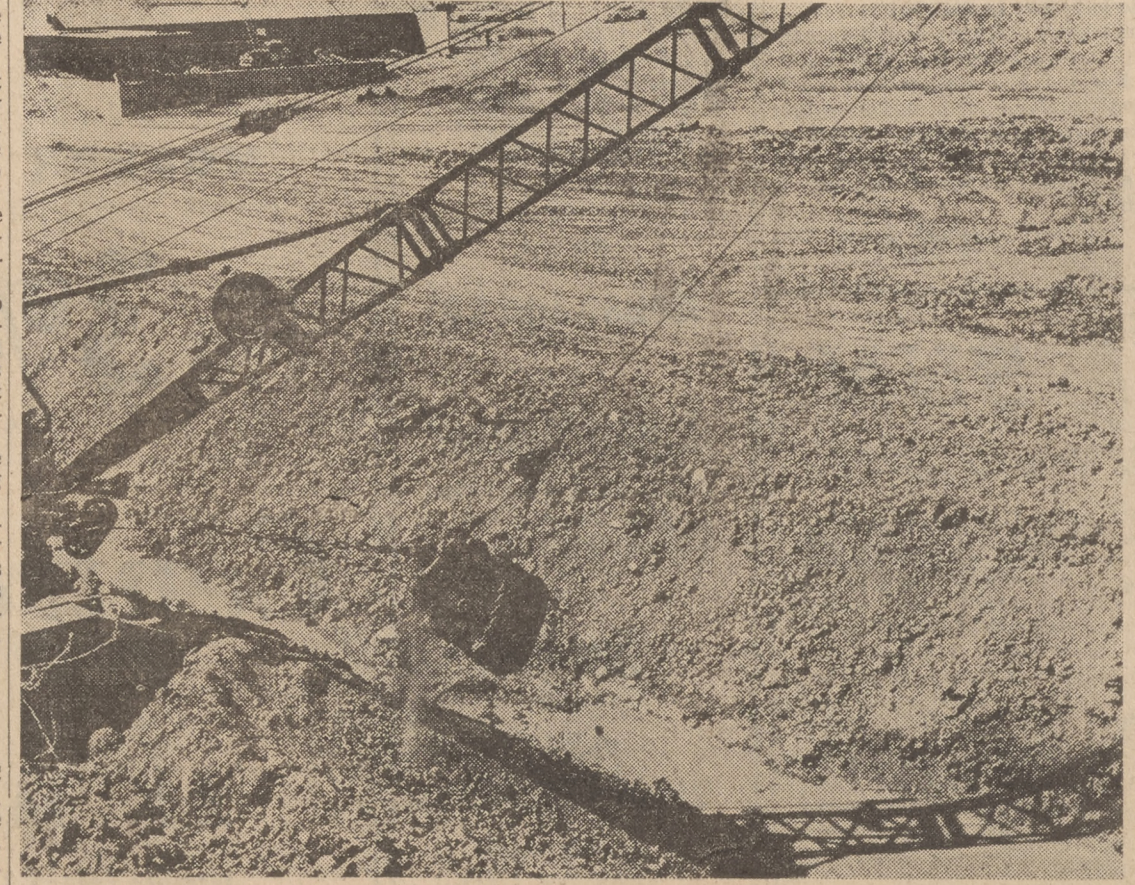

All during construction four full lanes of traffic will be maintained in order to keep commuter and rush-hour traffic flowing as rapidly as possible.

Detours around working areas will be such that traffic slowdowns will be kept to a minimum, Palabay said.

## 19 Year-Old Girls Wander Up and Down WC Streets

Three Walnut Creek girls, each 19 years old, have been walking the streets of their home town, smiling invitingly at passing men and boys, and generally making themselves available for any and all suggestions, much to the dismay of their parents and the perplexity of the Walnut Creek police.

The girls are not the movie and magazine type of "loose woman" — long legged, sexy, compelling and so forth. Far from it.

But they are 19 years old, and that's a wonderful age, whether you are building a good future, or just unknowingly blasting it.

ALWAYS ALERT for anything that might be considered a vice operation within the city limits, Police Chief Leigh Brilliant assisted by Police Matron Carolyn Barker on July 2 told the three young ladies to move out of the downtown apartment they shared since June 19.

And for good reason. The traffic of young men in and out of their apartment had become legendary. And finally a young housewife who was in no way acquainted with the girls, was mistaken for one of the trio, and was forced to use threats to make two young men from Concord get off her doorstep.

"I am married and my husband will be home in five minutes," she said.

"THAT'S ENOUGH TIME," one of the young men replied.

The rightly angry housewife called the Walnut Creek police, who put the girls' apartment under surveillance.

The activities continued until a routine investigation was completed and the July 2 visit by Chief Brilliant and Matron Barker.

They informed the young ladies that although they were not accepted money, their activities constituted a violation of Section 700, sub section K of the Welfare and Institutions Code.

THE GIRLS did not attempt to hide the fact of their activities, and were not able to conceal the unkempt condition of their apartment or the heavy odor of alcohol.

They agreed to move. Each returned to her family in Walnut Creek.

## Appraisal Filed

A report filed in the office of the county clerk appraises the estate of Edward L. de Laveaga, who helped develop Orinda, at \$76,523.

Mr. de Laveaga, who died Dec. 31 at his home in Martinez, inherited large land holdings in Orinda from his pioneer family. About 70 years ago his parents purchased 1,050 acres on the site of Orinda.

an Alameda County court, and she was continued on probation, after a number of conferences with her probation officer.

Basis for the disposition was that no actual crime had been committed, since no money had been accepted, and that the girls would have a better chance of straightening themselves out in a home environment.

Their home environments are considered of sufficient quality, although there is a lack of communication.

"THEY NEED help," commented one investigating officer. "Authorities feel they need a worthwhile friendship which will give them confidence and an interest in life," he said, adding however that the problem is complex.

Since such reasoning is sound, the girls have been offered their best, and perhaps last, chance. Whether they are throwing it away, or merely risking it before that turn in the right direction, remains to be seen.

## Rat Control Program is Reviewed by Supervisors

"Public support for a county-wide rat control program is needed, said Art Seelye, County Agricultural Commissioner last week, in reviewing a proposed rat control program before the County Board of Supervisors.

The Board of Supervisors charged Seelye with the responsibility for developing an overall rat control program.

Seelye said his department would handle control work in canals, sewers and along the waterfronts and will also advise individuals on the use of poison materials around the home.

"TO EFFECTIVELY initiate a rat control program we will need the cooperation and participation of homeowners throughout the County," he said.

Certain public educational activities have been assigned to the County Health Department. Dr. H. L. Blum, county health officer, said, "There is no question that heavy rat infestations are definitely a public health hazard.

Rats have been proven to cause rat bite fever, leptospirosis (jaundice), rabies and plague."

"In cooperation with the Health Department the following Basic Rat Control Around the Home checklist has been prepared for the information of our citizens," Seelye stated.

"I am prepared to offer advice and instruction on the use of rat poisons available through this office," he added.

HOUSE:

Screen all openings in building

(holes around pipes, vents under house, etc.) with 1/4 inch mesh screen or fill hole with wood or cement; gaps under doors should be 1/4 inch or less; if doors and windows are left open for ventilation day or night, screen them; keep storage areas such as basements or garages clean and orderly.

YARD: Don't allow any piles of rubbish, leaves, junk, wood, or other material to accumulate; if wood is kept, store in orderly stack at least 18 inches off ground; keep excess weeds cleared away, where possible; keep garbage can tightly covered and the area around it clean.

MISCELLANEOUS: Don't throw rubbish, or grass or tree trimmings along creek banks; do not allow fruit and nuts from trees to lay on ground (near the house); food for animal pets should not be left out overnight where rats can find it; store all foods in rat-proof containers or rooms.

POISONING RATS: Poisoning may be done safely where children and animals are present if the following poisons are used: a. Warfarin, b. Red Squill, c. Pival.

These poisons and instructions for their use can be obtained from Seelye, whose office is at Buchanan Air Field, Pacheco.

These poisons may be also obtained at the nursery, hardware and feed stores, under many different trade names.

## Tish Winkworth Will Take Leading Role In Play Here

Tish Winkworth, Orinda actress who takes the role of Mrs. St. Maugham in the Dramateur's production of "The Chalk Garden" at the Lafayette Town Hall on July 18, 19, and July 25, 26, is a name synonymous with many fine roles and distinguished performances in little theater productions throughout the Bay area.

Her present role was taken by Gladys Cooper in the San Francisco and New York productions of this play and by Dame Edith Evans in the London cast.

Trained at the Goodman Institute of Chicago, the University of Michigan, and the University of Arizona, Tish is probably best known locally for her performance as the Grand Duchess in the Dramateur's production of "Anastasia."

SHE HAS PLAYED summer stock on Long Island, and done leading roles in little theaters and on radio in Detroit before making her home in Orinda. Appearing with Les Abbott's Berkeley group, Tish was "The Madwoman of Chailot," and with that group, the Oakland Theatre Group, and now for several years with the Dramateurs, she has played everything from Shakespeare to Pirandello.

Tish and her husband, Bruce

Winkworth, have been closely identified with the Dramateurs. He was its president for two years, and appeared in the leading role of "The Sleeping Prince," the most recent production of the company.

Tish has also been exceedingly generous with her talent on a community scale, training Girl Scouts, helping to organize children's creative dramatics classes under the Orinda Art Center's sponsorship, and being chairman of one year's "Absurdia in Suburbia" shows.

AS MAITLAND, the man-servant whose relationship with the family is an integral part of the plot, Gary Lawrence takes an important part in another Dramateur summer show.

This very popular young teacher of the eighth grade at Pine Grove school was seen at Town Hall last summer as Capt. MacLean in "Teahouse of the August Moon."

Gary was trained at Williamette University, taught high school in Bordeaux, France, saw service duty in Europe and returned to Oregon to teach at Grant's Pass, where he also appeared with "The Barnstormers" in "John Loves Mary" and "The Caine Mutiny Court Martial."

He has been active in the Dramateur productions since coming to Orinda two years ago.

## Miss Aloha Will Appear Tomorrow at WCCapwell's

Miss Audrey Hoke, known as Miss Aloha, will make a personal appearance in Capwell's - Walnut Creek Men's Sportswear Department tomorrow in a special promotion of Artovogue men's Hawaiian print sportshirts.

Miss Aloha will be on hand to answer customers' questions and to demonstrate the authentic Hawaiian hula. Colorful paper flower leis will be given to visit-

ors of the department, located on the street floor.

In keeping with the occasion, personnel in the department will also be wearing Artovogue Hawaiian print shirts that "are rapidly becoming the leader in men's summer shirt fashions," according to Jack Clark, department manager.

Born and raised in Honolulu, Hawaii, Miss Aloha has lived in the United States for the past 10 years. She now makes her home in San Francisco where she is a professional model and dancer.

In her Walnut Creek appearance, Miss Aloha will wear a brightly colored sarong and leis of piko shells which she brought with her from the Hawaiian Islands.

Visitors are invited to meet Miss Aloha at Capwell's tomorrow, 11 a.m. to 1 p.m. and again from 1:30 p.m. to 4 p.m.

BROWNIES ATTENDING the Twin Canyon Camp of the Diablo Valley Girl Scout Council, a United Crusade Agency are working on a flag portraying this summer's camp theme of California's Smokey Bear and Conservation of our national forests and natural resources. "Forest Rangerettes" from left to right are Mary Chambers of Lafayette Troop 191; Laurie Riley of Alamo Troop 228; Pattie Gible of Alamo Troop 228; and standing, Sharon MacDonald of Walnut Creek Troop 333.

## Diablo Valley Council Runs Girls Camp

Conservation and California's "Smokey Bear" emblem will be familiar to the 1000 Girl Scouts who will attend the seven week long summer day sessions at Twin Canyon Camp. They are operated by the Diablo Valley Council of Girl Scouts, a United Crusade Agency.

"Smokey the Bear" activities emphasize the dangers of fires, precautions necessary for their control, and conservation of national forests and resources, according to Mrs. W. E. Smith of Orinda, camp director.

In carrying out this theme, we award the girls with felt trees. When the group receives a total of four such trees, they are considered excellent campers," Mrs. Smith explained.

"THE GIRLS sell cookies during March to help towards their camperships. This seems to cause some confusion since our Council receives operating funds from the United Crusade.

"We are attempting to clarify this in the public's mind, and hope they will continue to support the cookie sale. Girls—from 7 to 17—learn so many valuable lessons in character building, as well as safety, camping, crafts, nature studies, and so forth."

"Forest Rangerettes" as they are called this summer, are residents of Yencio Valley, Orinda, Pleasant Hill, Danville, Alamo, and Walnut Creek.

During the past five years the Springhill Road day camp has served a total of 7000 girls and their parents.

Assistant camp director is Janice Balaban of Walnut Creek, and senior girls are serving as program aids for periods of from one to three weeks.

THEY ARE, from Troop 402 Orinda, Robin Brown, Vicki Elmore, Karen Fernsten, D'Anne Christie, and Linda Rivers. From Orinda Troop 128, Sandra Jones and Diane Kersten.

Others are from Troop 109 Pleasant Hill, Sue Weidner, Mary Kenefick, Penny Stearns, Ginnv Horton; from Diablo Troop 370, Cherie Livingston; and from Walnut Creek Troop 9, Lynn Hendrix.

## Dystrophy Group Hold Meeting, Hears Physician

The fifteen member executive committee of the Contra Costa County Chapter of Muscular Dystrophy Associations of America Inc. held its monthly meeting in Walnut Creek, Tuesday in the P.G.&E. building, 1535 Bonanza Street, Walnut Creek.

Dr. Yoshiye Togasaki, assistant health officer of Contra Costa Health Department gave a report on the health department functions pertaining to health agencies.

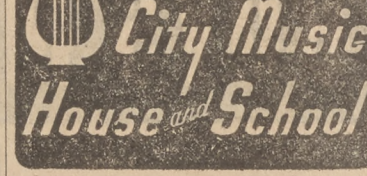

Mrs. Rosemary French, East Bay Medical social worker for MDA, Inc., reported on functions of the social worker, chapter patient service committees and the need for more understanding of the problems facing the community in caring for those unfortunate victims of Muscular Dystrophy.

The program included orientation of executive committee with Chapter program activity. Roger Jernigan, East Bay MDA, Inc., representative, and Chapter executive secretary, showed series of 27 colored slides, titled "Manifestations of Muscular Dystrophy."

The cause and cure of the crippling malady that eventually kills, is unknown. It is through the Muscular Dystrophy Association of America and the people who support them that medical research will attempt to find the way to prevent and cure this disease.

Mt. Diablo High School at Concord has the largest number of exhibits, having entered eight of the nine categories offered. Pleasant Hill High School is the next largest competitor with six entries.

AS ONLY ONE ENTRY is eligible from each high school in each section, many of the schools held preliminary contests to select the projects to be shown. All entries must be the product of a junior or senior student completed under the direct supervision of the instructor.

The schools that will be represented and the students whose projects will be on display in the main exhibit building throughout the four days of the Fair include: Acalanes High School — Steve Stiles (crafts), Phil Branch (woodworking), Nick Roth (industrial design).

## United Crusade Names Public Relations Chief

The appointment of Hal Cheney of Martinez as public relations director of the Contra Costa United Crusade was announced by Jack Mullen of Richmond, County Campaign Chairman, at a meeting held at El Nido, Lafayette this week.

Cheney commented: "I believe as public information minded people we have a big job of exploring new and better means of communicating with the public."

"It's a three fold job, as I see it. First, we must communicate to explain how Crusade gift dollars are spent. Second, we must communicate most persuasively when we ask for gift donations—specifically why it need be a Fair Share.

And thirdly, we must communicate with donors our thanks for their gifts."

"When we talk about the United Crusade, we are not talking about an abstract organization. We are talking about people. Member agencies in the Crusade means people that are being helped by the local voluntary health and welfare agencies, or by the many youth programs and groups," he continued.

Coordinator of Business Education of the Contra Costa Junior College District for the past two years, Cheney taught, served with Small Business Management and was State Director of Business and Distributive Education in Utah.

He was regional supervisor for the Bureau of Business Education for the California State Department of Education in Berkeley prior to his present position with the Junior College.

Cheney, and his wife, Frances, and their three children reside at Elena Drive, Walnut Creek for the past five years.

### Miss Stark Now Mrs. Frank Jordan

Barbara Lynn Stark of Orinda became Mrs. Frank H. Jordan June 27, in wedding rites performed at St. Clements Episcopal Church, Berkeley.

Barbara is the daughter of Dr. and Mrs. Roger A. Stark of 11 Vista Del Mar, Orinda. She was given away by her father.

She wore an ivory neau de soie gown, scooped neckline, edged with imported lace and tiny pearls. Her skirt was bell shaped, with busite back detail which fell into chapel length train.

Her headpiece was peau de soie and lace with Juliet cap held in place with a veil of imported bouquet, orchids, stephanotis and fleur d'amour.

Maid of honor was Miss Stephanie Smith, and the attendants were Barbara Motzer, Lyan Brown, Gail Champion, Sylvia Sprigden, Jane Hammond, Jackie Roberts.

Cathy Adams was the flower girl.

William Wolfenden of Piedmont was best man, and ushers were Peter Jordan, Richard Stark, the bride's brother, John deBenedetti, Tel Bruner, Carl King and Hunter McCreary.

Frank's parents are Mr. and Mrs. Hartwell Jordan of Piedmont.

Bishop Shires of Grace Cathedral and Canon Gilbert of St. Clements performed the ceremonies.

Barbara attended Acalanes High School and the University of California, where she was affiliated with Kappa Kappa Gamma.

Frank attended Piedmont and Menlo High Schools, and the University of California, where he was a member of Zeta Psi.

The new Mr. and Mrs. Jordan left for the Hawaiian Islands for their honeymoon, and plan to live in San Francisco.

## A.F.S. Student Reports On American Sojourn

Maria Zorbanou, former Acalanes exchange student from Greece, has been outstandingly active in the student exchange program since returning to her home in Athens.

During her year of study at Acalanes, she was a member of the Burwell Spurlock family, of 1206 Monticello Road, Lafayette. In a recent letter to Mrs. Spurlock, she described her American Field Service activities as follows:

"I would like to write you what I did for the American Field Service program when I returned to Greece. The next day after our arrival in Athens we had a meeting where we discussed our impressions about our stay and behavior during the past year.

DURING OCTOBER, November and December, I worked hard for the A.F.S. I was elected to the committee for choosing Greek students for future A.F.S. programs.

"We had to read the compositions of the students and grade them on their English ability, their ideas, and the structure of their compositions. After that, the ones who had passed the written exams had to take oral exams in English.

"I was also chosen for the committee for personal interviews, consisting of the representative of the A.F.S. in Greece, two persons from the American Consulate, and two returns.

Members of the group visited families of candidates. So I and another girl visited the houses of two girls who had passed the exams.

OUR JOB WAS to look around and see the economic standard of the family, to talk to the parents, and understand the background of the girl or boy and have a friendly talk with her or him."

"I forgot to tell you that in October everybody from our group had to advertise our program by speeches in schools or announcements for the newspaper. So students were divided into groups and worked on it.

"During March and April I had to look for Greek families that would receive an American student. I had to go to families I knew and suggest they take a student.

"I GAVE A SPEECH at the Athens Rotary Club. The Orinda Rotarians wrote to the Athenian Rotarians about my speaking at one of their meetings. Then the Orinda club wrote to me and sent me its banner in order to give it to the Athens Rotary Club.

"I spoke about the American Field Service and my life in California in an American family. At the end of my speech I gave the flag to the president.

"Yes, Mother, it was such fun to sit at the right hand side of the president of the Rotary, who was a professor of geology in the Greek university, and next to me the professor of neurology in the university.

"Many of the members were professors of the Greek university and others very prominent persons of Greece. But I wasn't scared because I've learned not to have fear before an audience after Mr. Trullsson's advice in Public Speaking at Acalanes, and after giving a number of speeches while I was in the States."

While Maria attended Acalanes she was especially interested in the American Field Service Club, in Modern Dance and in music groups. She was a member of the Water Ballet group.

## Jack Baker Seeking Trial

Jack Edward Baker, 2925 Dorothy Drive, pleaded not guilty to charges of driving while under the influence of alcohol June 16 and asked this week for a jury trial.

Baker, who was represented in court by Thomas Coll, was arrested by the California Highway Patrol on the freeway near Boyd Road also for not keeping within a single lane of a three lane highway, the report said.

His trial will be held August 8 at 10 a.m.

## Rosy Bluebirds' Year Includes Special Events

The Rosy Bluebirds of Alamo just finished another year, flying up to be full-fledged Campfire Girls, and acquiring two new members.

Leader Mrs. Ted Rusley pioneered the Campfire program in Alamo and will be assisted by Mrs. Ken Rambo in the next coming year. Two groups of younger girls are now working together as Bluebirds.

The Rosy Bluebirds had a most successful year with cook-outs, trips to the Oakland Christmas pageant, the Nike base, the state capitol building and Fort Sutter in Sacramento.

Crafts were featured at many of the meetings and included leather work, ceramics, cooking and puppetry. The girls are eager to earn their honors as Campfire girls and are "jumping the gun" before fall.

## Meagher to Education Convention

William R. Meagher, Indian Valley School sixth grade teacher and vice president of the Walnut Creek Teachers Association, attended a convention last week of the National Education Association.

The convention was held in Cleveland, Ohio. Theme was "Our Future Goes to School Today."

Delegates heard speakers declare that the American school system must grow up in a hurry to meet a "science fiction" era come true.

Others have pointed out that 6½ million city grade school children—just about 55 per cent of the total—are in classes of more than 30 students each this year. Almost 300,000 students in city grade schools are on half-day schedules this year—as compared to just under 250,000 in 1955-56.

These conditions, the educators learned, are not restricted to low income areas or to any one section of the country. The bulging elementary school classroom is a problem that plagues virtually every major city.

A startling forecast of the numbers of children who will pass through the nation's schoolhouses for the next seven years, was given.

In 1965, America will have almost 11 million students in public high schools alone. Enrollments in the public elementary schools have risen from 17 million in 1946 to 25 million today, a gain of 43.0 per cent. They will rise another 15.5 per cent by 1965, for a rise of 65.2 per cent over the 20 year period, according to NEA research estimates.

The corresponding figures for public secondary school enrollments are about 5½ million in 1946 and 6½ million in 1957, an increase of 22.3 per cent.

And, the bulge is yet to come in the secondary schools.

Charles and Alice Herbert are now back in their home on Legion court, we hope permanently, after an extended period of time in Seattle and Alaska.

Laurence Nelson is now in a rest home in Hayward. His friends can keep in touch by calling his daughter, Jo Chinn.

Margaret Roe Van Cise and 5 months old Kirk left in March for Spain to join Dick, now Ensign Van Cise, USNR. Margaret reports that the Spanish marvel at the American mother's ingenuity in sightseeing in the neighboring towns with the baby and his paraphernalia well under control.

ANOTHER LEGION COURT offspring arrived in Europe in May. Sgt. Dick Price, who really gets around the world, is now in Bamberg, Germany. And his globe-trotting father amazes us with his travels. Just returning from a week at Oklahoma City and Tinker Air Force Base, Kansas City.

Milestones: Patty Siefker and Doug Parker graduated from Acalanes High School and Bonnie Roddick and David Gogstad enter high school in the fall.

Such a glow on Neil Harris' face when he told of the 90 pounds of salmon he caught deep sea-fishing off of Fort Bragg when he and Ethel went on their vacation early in June. But he wants to sell his beautiful boat and trailer as he just can't use it as much as he would like to—wish I could buy it.

The last day of school Oertel Roddick drove with her son Jan to Ogden, Utah, Oertel's home town, to visit her mother and brother, and after much traveling throughout Utah, Oertel left for home. Jan stayed in Ogden looking forward to some fine fishing with his uncle. Meanwhile, Doug Roddick returned June 27th from a week's business trip to Boston for Shell Oil Co.

## Temper Flares; Boy Takes Car, Goes on Rampage

Jerry G. Corsaut, 17, of 60 Greenway Drive, Walnut Creek, has been charged with assault with a deadly weapon (a car), felony hit and run driving grand theft, license not in possession, reckless driving, driving on the wrong side of the road, violation of a pedestrian right-of-way and driving with a revoked license.

It all started, according to police reports, Monday at Hoky's Drive-in when young Corsaut became angry at a friend, who he claimed had been using his car for too long a period of time.

He then, say the reports, drove his car into a car owned by a friend, and flew into a rage when he couldn't get his car started, after the motor died.

He struck at the radio if his own car for several minutes, got out and knocked to the ground the original borrower of his car, Ray Wood of 1890 Del Monte Court, Walnut Creek, and headed for Simmons Mayer used car lot.

He drove away with a 1955 car he found parked with keys in the lot, and turning into the alley behind Lynch Foods, put his car in second and headed for a car driven by Mrs. Mary Leoni, 41, of 449 LaCasa Via, Walnut Creek, the reports continue.

The cars hit head-on, and Corsaut then backed off, drove about town for a while, returned to Hoky's, and sent patrons running for cover by driving erratically in circles about the stand.

Then feeling remorseful, Corsaut apologized to Wood for striking him, and Wood advised him to return the car to the Mayer Simmons lot, which the boy did.

Police officers arrested Corsaut at the lot. Officers quoted him as saying, "I don't know what's the matter with me—I saw the woman coming and I headed right for her."

The youth was taken to the county hospital under provision 50-50.3 of the Welfare and Institutions Code, and the probation department filed notice that it would hold interviews.

Police officers list 12 witnesses to the youth's actions.

## Higher Pay Refused By Supervisors

The County Board of Supervisors for the fourth time this year has refused a 4.7 per cent pay raise asked for by unions representing 1900 Contra Costa County employees.

Supervisors Tuesday declared, however, that a general salary increase for county workers will be considered if general economic conditions improve, and that the board will consider pay adjustments in individual cases if inequities can be shown.

## Heads County Schools Group

Boardman W. Moore, a member of the Lafayette School District board since 1956, today heads the Contra Costa County School Boards Association, with membership from all 34 school districts of the County.

Moore and his supporting officers were elected at the annual dinner of the association Wednesday night at Sid's Restaurant, Concord. He is associated with California Research Corporation, Richmond.

Other officers are M. M. Snodgrass, Richmond Elementary District, vice president; Mrs. Thelma Fontana, Antioch Unified, secretary; Harold Smith, Danville Union, treasurer; and Mrs. Phyllis Wainwright, Martinez-Alhambra, past president.

Mrs. Wainwright presided over the dinner meeting, which attracted a record crowd of approximately 200 board members and their guests.

## Dambacher Is Elected

At the last meeting for the school year of the Northern Section of California Association of Adult Education Administrators, Arthur D. Dambacher, director of Alcalanes Adult School was elected to head the organization.

The office of vice president will be held by Price Webb, director of Adult Education for San Jose.

The office of secretary-treasurer is held by Dr. Edward Hurlbut, director, Adult Education, Pacific Grove.

OVERLOOKING THE VALLEY and Central Contra Costa is Mt. Diablo, a mountain clad in myth, legend and lore. Many of the local areas schools and streets have taken their name from the mountain. Many traditions have been built by the huge peak. Most of all, the natural monument has contributed to the welfare and recreation of the area's residents, tall pines and grassy meadows in which to picnic and play—Anthon photo.

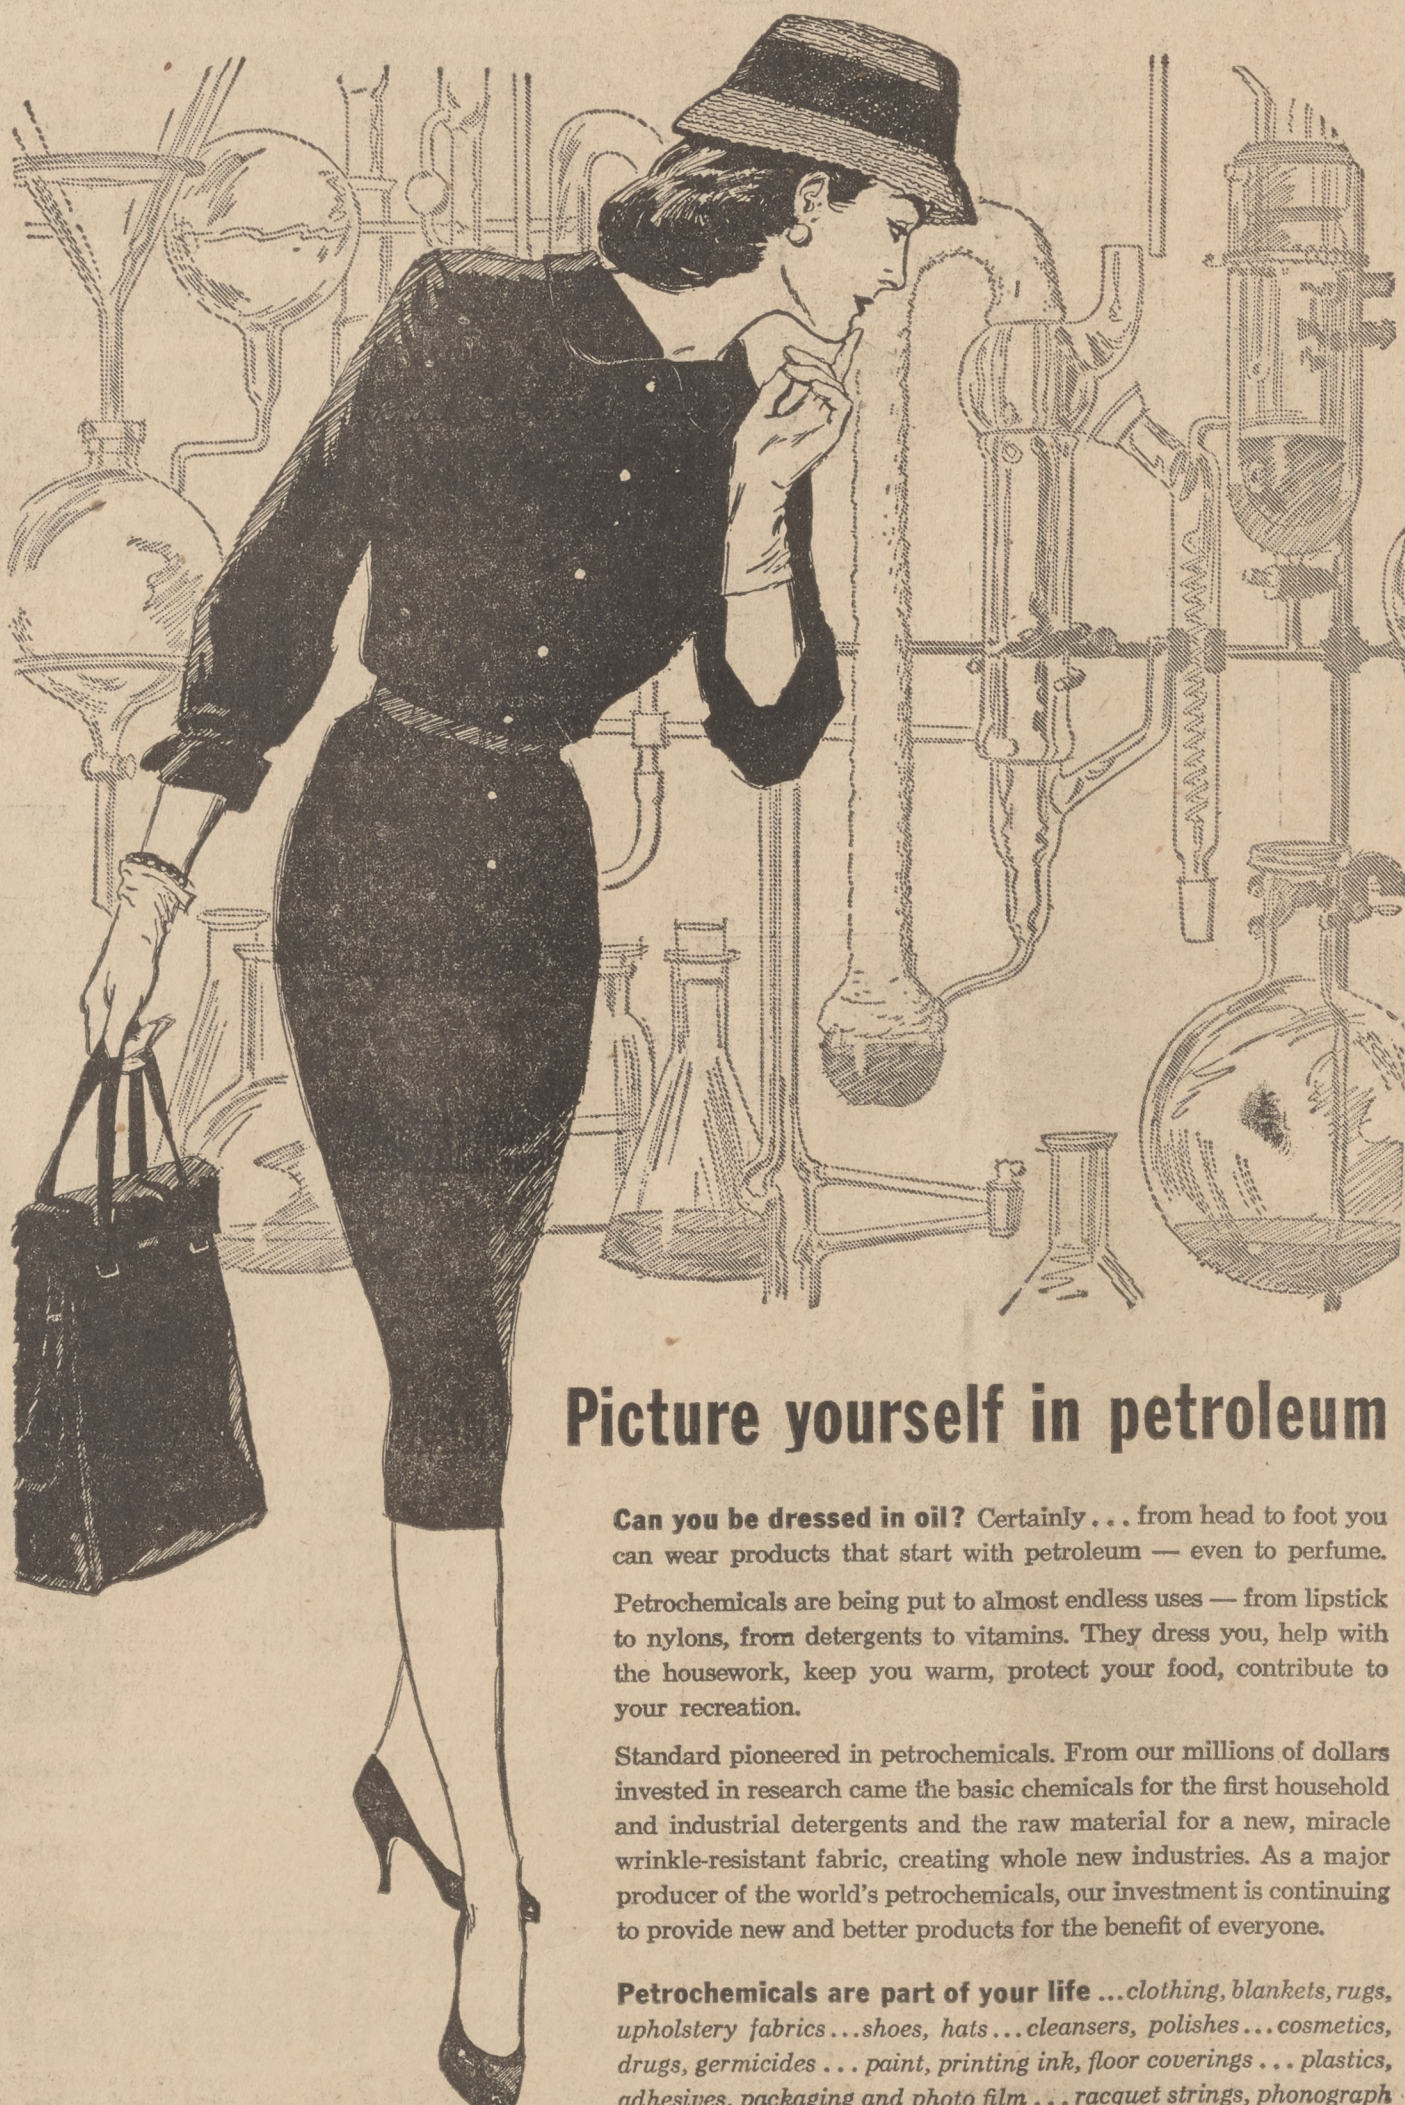

## Fire Starts in Marshal's Room

A fire caused by defective wiring within overhead fluorescent lamps. Four fire trucks of the Central District answered the call. Luckily, a unit dispatched to put out a grass fire under the direction of Fire Captain Forrest Wilson drove past the city hall as the fire was making progress. The firemen stopped and entered the building, after Police Chief Nottingham said that overheating within the lamps burned away insulating material within the

Leigh Brilliant used keys to enter. Rumors after the fire were that the city hall had been destroyed by the fire. However, the main damage was to the ceiling and fixtures, some desks and chairs. The fire started in the office of

Fire Marshall William Shisler, which led him to comment later, "That shows that a fire can start anywhere. It's up to everyone to be on the lookout for possible danger areas."

**HIGHWAY TRAFFIC**  
More than 102,000,000 passenger cars, trucks, and buses were in operation on highways of the world as of January 1, 1957. That represented an increase of nearly seven per cent over 1956.

From our millions of dollars invested in research came the basic chemicals for the first household and industrial detergents and the raw material for a new, miracle wrinkle-resistant fabric, creating whole new industries. ## GOOD NEWS! NOW ORINDA HAS DIRECT DISTANCE DIALING

Together with its new and larger dial system, Orinda now has Nationwide Direct Distance Dialing. Years of planning have gone into this new service, which lets you dial your own telephone calls direct to cities like San Diego, Portland—even Chicago! And of course, low Station-to-Station rates apply for this fast new service.

### Suppose you want to call ACademy 3-0399 in San Diego

First dial 714, the Area Code for San Diego. Then dial the San Diego number: A-C-3...0-3-9-9. That's all there is to it!

No Area Code will be necessary for dialing cities in your Home Area, like Livermore, Vallejo or Monterey. We've sent you a Direct Distance Dialing booklet which lists many of the Area Codes you'll need. Please read it carefully, for it tells where you can dial, and how to do it.

### How to call a local number

- Get the number from the new phone directory we've sent you, and write it down so you won't forget it while you dial.
- All Orinda phone numbers now start with the prefix CLifford 4. To let the new equipment speed your call through, you need to dial this prefix (CL-4) on all local calls.
- So—let's suppose the number you've looked up is CLifford 4-2999. First, dial the prefix C-L-4...then 2-9-9-9. That's all there is to it!

### On East Bay calls, you no longer dial the code "99"

- Just dial direct—like a local call. This applies to all Bay Area cities.

to serve you better...

# School Days... But Not The Kind You're Thinking of...

Now that summer is really here, the last thing on most of our minds is school. And that's the way it should be, except, of course, for the harried mothers who secretly will be very glad when regular sessions open again in the fall. But there is another kind of school we might consider—one that we might all find ourselves attending one of these evenings.

The City of Berkeley, and Oakland, too, run traffic schools for those of us who are unfortunate or careless enough to have coasted through a stop sign, or who have been traveling just a bit faster than the posted speed limit.

THESE TRAFFIC schools have been in operation for many years, and they have been very effective.

One local resident, whose name we will not use for obvious reasons, attended Berkeley's traffic school four separate times. He comments:

"I personally benefited greatly from the experience. I can name four definite occasions when I know that what I learned in those classrooms has saved my life.

"The school made me cognizant of many factors involved in driving, of which I was not previously aware. And many times I have been able to nail down school experiences which have kept me from having accidents."

How do these schools work?

In Berkeley, it is up to the discretion of the judge, whether or not you attend the school. Generally, if you don't ask for traffic school, you don't get it.

IF THE FINE is under \$10, the traffic school can take the place of the fine. If the fine is more, \$10 can be deducted from the total—all at the discretion of the judge.

Berkeley operates a 4-hour school. Classes are given for two hours on Tuesday and Thursday nights. Thus a person can attend on two Tuesday or two Thursday nights and his obligations are fulfilled.

Other cities run six and eight hour classes.

Well, why are we talking about traffic schools in Berkeley and Oakland. Simply because this seems like an excellent idea—and because this area could certainly use a similar institution.

MANY OF THE candidates for judge in the Walnut Creek Judicial District have suggested the establishment

of such a school, as well as an evening court session once or twice a week, and we heartily concur with these suggestions.

How could this be accomplished? As usual, the big problem is financing. Financing is accomplished in Berkeley and other metropolitan areas through the city councils. This is obviously not possible here.

There are other possibilities. A \$1 penalty provision is added to each \$20 of fine collected in California traffic courts. This \$1 goes to the state, which in turn helps to pay for the driver training classes conducted in our high schools.

NOW THIS \$1 fee does not cover the cost of driver training classes, so it seems that it would be robbing Peter to pay Paul to try and divert any of this money to adult traffic schools, although there is a possibility that it could be done.

A simpler solution is to have the high schools teach the classes through the adult education system.

High school authorities have expressed a willingness to do this provided: 1.) The state approves the class. 2.) Sufficient registration is guaranteed to pay the necessary salaries.

There seems to be little doubt that the state would approve the program, and considering the population and number of drivers we have in this area, it seems unlikely that there would be any great difficulty in keeping the class filled... especially if the judge were so inclined.

INCIDENTALLY, in Berkeley, the municipal court forwards a list of those who are supposed to attend to the instructor, and he takes roll. If you don't show, you end up back in court, and it seems to us that you really should have a pretty valid excuse. They say the second time around is a lot rougher.

And while we're on the subject of courts, it was also suggested that night court sessions be held once or twice a week in the Walnut Creek Judicial District.

We agree that this might be a real convenience to the residents, and can see no reason why it should not be inaugurated.

And of course, if the traffic school were worked jointly with the Danville Judicial District and the Concord Municipal Court, there would be even less trouble filling the classroom.

A drink at the wheel makes an expensive cocktail

## The Saga of Omar, or There's A Moral to This...

By JOYCE BARNUM

Are you unhappy in your work? You think that YOU have problems? Listen, then, to the sad tale of Omar Starsand. Ten years ago, Omar moved to this area. Bright-eyed, fresh and diligent, he formed his own company, "Mapmakers, Inc." he called it.

He organized his business thoroughly. And finally came the great day when Omar sat down on his drafting stool at his drafting table and painstakingly began to draw a neat, precise picture of the area. The work was peaceful, Omar loved it and his organization was functioning smoothly, effortlessly.

HIS SALESMEN had produced more than their quotas of map-buyers and the office staff carried on in approved fashion. Omar could devote himself to the end of the work that he loved, the actual drawing of the maps.

Finally the day came when he added the last, little "st." and leaned back to survey his work with pride. It was perfect! Just then the office boy sauntered in, strolled to the drinking fountain and nonchalantly mentioned that a new subdivision seemed to be going in up the highway a bit.

Omar had the office boy point out the location on the map that he had just finished, found that it was a pasture inhabited only by cattle heretofore. Omar rushed to his car, drove to the pasture and found bulldozers, carry-alls and graders roaring around the field in some sort of methodical madness.

He sought out the contractor and learned that three hundred houses and two dozen streets were scheduled for construction at the site.

By badgering the contractor unmercifully for the next three days, he finally learned the proposed locations of the two dozen streets. The contractor named them on the spot while Omar wrote busily. The contractor asked the dozer operator his wife's first name, then the cat operator and so on down the line. And so all two dozen streets bore the name of the wives of the workmen.

Omar completed the addition to his map and sent it off to the printer. As he sat in his office, his salesman informed him of two more subdivisions which were going in the area, complete with shopping centers.

OMAR SLAPPED his forehead mightily. His first map! His first creative effort, and it was obsolete before it cleared the printer's press!

Feverishly he contacted the contractors. These streets were named after (1) Spanish words, because the contractor's daughter had left her Spanish primer in his pickup that morning when he had taken her to school; (2) cities, because the contractor sort of liked the sound of their names.

Stopping work only to slap his forehead, Omar labored over his drawing board for the next years.

His clients complained bitterly. His maps were always obsolete. If he printed a map that could be folded away neatly and carried with ease, the lettering was so small that his clients and their clients couldn't read the words without a magnifying glass.

When he made the lettering larger and more legible, the maps became so large that they were unwieldy and impossible to ever re-fold, once opened. And they were obsolete!

With some of the initial lustre gone from "Mapmakers, Inc." Omar still labored on.

ONE DAY, NOT long ago, the office boy slouched in to Omar's office and headed for the water cooler. "Say, quite a crazy thing down here, moving the airport so that they can sub-divide to put houses in there and then tearing down that old bunch of houses, farther out, to put the airport there, huh?"

Omar carefully put down his t-square. Quietly he asked the office boy, "What did you say?" The boy repeated the information.

Omar stared at the boy. Visions of streets removed for freeways, freeways removed for expressways floated mistily in his brain. Omar the mapmaker, firmly arose from his drafting stool and slapped his forehead so hard that a peak sprang atop his head.

Looking neither at the office boy or the water cooler, Omar marched straight through the offices of "Mapmakers, Inc." to his nearest business broker. He sold the business, as it was a solvent, going thing, within 48 hours. Within an additional 48 hours, he had started "Omar the Flagmaker" as his next peaceful venture.

Far from the hustle and the bustle of the highway building program and the contracting business, Omar settled snugly in his new enterprise. He needed no designing department, his sales staff was small. After all, aside from schools, government agencies, patriotic groups and a limited number of families, whoever bought flags anymore?

DELIGHTED WITH the static state of his business, Omar settled to stitching away at flags. The office boy entered the sewing room and stared thoughtfully at the peak on Omar's head. "Have you seen the morning papers?" the boy asked the stitching flagmaker slyly. "No, I haven't," Omar replied smilingly. "New freeway going in?"

"Nope," the youth smirked. "Alaska's been admitted to the Union."

Omar laid down his needle. "Alaska?" he asked stupidly. He picked up his needle and gave a cheery laugh. "Ah, well, just one more little star."

"THEY'RE TALKING about Hawaii comin' in next year or two," the boy added wickedly. Omar gave a sickly smile. "That would make it an even 50. Be pretty, I think."

The boy left Omar Starsand's sewing room in disappointment.

Omar stitched another star on the flag with short vicious stabs. "Always changing, no one's ever satisfied with things the way they are," He muttered and mumbled to himself as he stitched at the flag.

The moral of this fable is really very simple: "Stars and stripes forever."

## Letters to The Editor

### PROTEST VOICED

DEAR EDITOR:

As a mother and taxpayer, and an active participant in school activities, I must protest the action by the Lafayette School Board in which a large number of school bus stops have been dropped for the coming school term. In this area, where people pride themselves upon their nice homes, their above-average mode of living, it seems very odd that their children should have to walk to school. I don't believe that a school bus can correctly be put into the category of a luxury when every family in this area would call a car a necessity.

Then there is the safety factor. How many five, six and seven year olds can be expected to walk safely the three-quarters of a mile to school when there are no sidewalks, few safe places in which to cross the highway so as to be walking on the correct side of the road, and the traffic is heavy (and fast) on many of these roads?

I wonder if any of the five members of the school board has walked even one of the routes himself and imagined how it would be in wet weather, as well as in the heat of September, when a driver's vision is cut down by pouring rain? Were we living in the horse and buggy era when the majority of children walked to school along seldom traveled lanes, it would be different, but such is certainly not the case.

Either the school board must think every family can afford two cars or, in this jet age, they have decided to regress to Victorian times. I should also like to call attention to one more problem, a serious one, that of the cases of child molesting. This was a serious enough problem last year for the Lafayette SUN to devote quite a bit of editorial space to, for the Mount Diablo Council of P.T.A. to undertake a study of, and for parents in this area to worry about.

With only a limited amount of police protection, the dropping of these school bus stops would seem to me to make the problem of child molesting an even greater one.

To be very specific, if the board feels that cuts must be made in order to stay within the budget, why are they made in bus transportation when elimination of these bus stops may endanger the children concerned?

MRS. ROBERT STONE.

### AFS THANKED

DEAR EDITOR:

At the end of my stay in Orinda I would like to thank members of the American Field Service Committee who enabled me to come to your wonderful community, and who worked throughout the year to make my stay that great and unique experience that it was.

I will always be indebted to you, and will try to fulfill the purpose of the AFS program by spreading the experiences and impressions I had in the United States among my friends and in my school and in my community. I think I can clean out a lot of misconceptions about America.

I hope that the AFS program keeps thriving in Orinda, and that I can hear about it in Germany. I will write to you again from Germany.

EBERHARD UMBACH.

### PLAY BALL

DEAR EDITOR:

To the parents in the Pleasant Hill area I'd like to say, you just don't know what you are missing if you don't get out and see the "Pacific Coast League" boys play baseball.

Almost every week day evening at 6:30 Pleasant Hill Park has a game going on.

And you parents whose boys are playing, how can you not attend? Sure it's a thrill to get a double, triple, or home run, but when your mom and/or dad is watching, well, words can't tell it—money can't buy it.

I wouldn't take a half-dozen Giants' ball game tickets for just one opportunity to see my boy play ball.

MRS. CHARLES STOLZY.

### TEACHER THANKED

DEAR EDITOR:

I wish to thank Mr. Sun for the vitally interesting Candidates' Night and also for pre-election editorials.

I greatly appreciate the publication of the newsworthy comments by the English teacher about teaching. May we have still more teachers like him. God bless our public schools! (Mrs.) ROSLYN WEED.

## What Kind of Birthday Party Do You Favor?

By HERMAN SILVERMAN

What kind of children's birthday party does your family favor? The old fashioned, cake and ice cream party? Or the modern, streamlined "birthday outing?"

Since this is a scholarly discussion of an important subject, perhaps I should define the terms.

First, the modern birthday party is usually not a party but an "outing." Daughter Mary decides, probably with the enthusiastic support of mother, that it would be fun NOT to have the birthday party at home. Let's do something different! Let's invite fewer girls and go to the ice skating rink... or to the movie... or to the skating rink or somewhere! Mary's (or Johnny's) parents are probably delighted, for they well remember last year's two hour "terror" session trying to entertain 12 or 14 energetic boys or bashful girls. Let the theater or the ice skating rink do the entertaining!

### Modern, Variety B

Or another version of the modern birthday party goes something like this: "Let's not have a regular party or an outing with children. Mary (or Johnny), why don't you will go to San Francisco to see Cinerama or South Pacific invite your best friend to come with our family and we have dinner out?"

Now—at this point let me raise my voice and cry out against the ultra-modern, streamlined birthday outing, of either the A or B Variety. Actually, I'm not against "theater or skating outings," but for a birthday I definitely "favor" AT HOME parties.

I enjoy seeing rosy-cheeked youngsters walking up the driveway with present in hand. I delight in watching the birthday child read each birthday card and then tear open the birthday present. I love the birthday table—with the birthday favors, napkins, candy and beautiful cake. I love seeing the candles blown out. And I enjoy passing out gobs of ice cream next to big hunks of cake and constantly pouring more lemonade and seconds for cake and thirds for ice cream.

### Try this system...

Do the kids wiggle and yell too much? No, not at our parties. Soon as they sit down, I use the "Silverman system." I shout, "Kids, let's see how much noise you can make—one, two, three—go."

They scream at the top of their lungs. (A boys' group, of course, makes much more noise than girls.) Then, I repeat the process two or three times. The kids love it. It's fun to scream sometime. Perhaps later outside, we will all scream again.

How do I face the "terror" of the next hour-and-one-half of entertaining the kids? It need not be a period of terror and anarchy. I look forward to this period. (Of course, much depends on the age of the children.)

### Operation Birthday Party

Before the party, birthday child and I sit down together for a strategic planning session. Mark and Dan like sports, so for each party this year we planned a "Birthday Olympics." Baseball throw, basketball shot, a team game of net ball, etc. We allotted points for first, second and third place in each event and prizes were awarded at the end of the schedule.

Almost all of their friends also like sports so there was no problem.

After the Olympics, we broke up for "free play" or some "Red-Light, Green-Light" games on the lawn—until time for home.

### Revolt is nipped

I must admit this year Janet almost fell prey to the "modern birthday outing." She talked of ice skating and Mother Eleanor was willing to go along. But after some fatherly propaganda—I mean education and persuasion—Janet returned to her senses and wanted an old fashioned party. She, too, liked the "fun afternoon," so we set up a schedule of girls' games, prizes and free play. It was fun—and most successful.

I feel strongly on this subject. But I am broad-minded and since this is a free country, every family should do what it wants—old fashioned or modern party.

I do have one last bit of advice for the parent who is "master of ceremonies" of the old fashioned party. (In our family, it is Papa, as you have guessed.) After the two-hour session, be sure to have a soft chaise lounge—and a long, tall, cool beverage ready as soon as the last guest departs!

## Children Who Can't Hear Are Traced Through Tests

County educators say perhaps concluded Miss Parker, an unusual Johnny can't read because he has a high rate of hearing loss was can't hear. In fact, this could have been the case with 340 Con-ber who were over three times greater tra Costa County public school than at any time in the past, due children who were found to have perhaps to the high incidence of impaired hearing through the respiratory ailments we had this 1957-58 testing program conducted known reason."

The total of hearing loss cases

—340—compares with a previous peak of 90.

In two-thirds of the 21 school districts in which hearing tests were conducted, the children of all grades were tested, while in the remaining seven tests were administered to new or beginning students or those referred because of suspected hearing loss.

Children with hearing loss, compared with the number of children tested in the area is as follows:

Alamo, one with hearing loss, 801 tested; Lafayette, 52 with loss, 4214 tested; Moraga, one with loss, 116 tested; Orinda Union, 31 with loss, 1345 tested.

San Ramon, none with loss, 92 tested; San Ramon High, 2 with loss, 687 tested.

## Resident Pilots Show Up Well; Races Tomorrow

Both the mighty midgets and our favorite hardtops rolled last Saturday night at Contra Costa Speedway, making a big exciting show for everyone, and I do mean everyone!

A capacity crowd turned out for the big event, with "Standing Room Only" left for latecomers. The first hardtop heat was a lucky one for our resident pilots, with the finish running as follows—Kenny Thompson, in car 37, third, Herb Williams of Walnut Creek in number 49, fourth. (Glad to see Herb back in the running.)

Bill Rasset, number 21, also of Walnut Creek, fifth, and Cliff Bennett number 25, of Concord in sixth spot.

Tim Kelly, number 44, of Pacheco, had a bit of hard luck in the middle of this one. He tangled with a number of other cars on the far turn, and was thereby prevented from making his usual good showing.

In the second heat, the Strook Brothers of Concord came in close together for the checkered flag. Russ, in number 10, was fourth, and Chet, in 46, was hard on his heels for number five position. Both Chet and Russ Strook are veteran Eastern drivers, who are progressing beautifully after a slow start.

We were surprised to see Lamar Barron of Hayward driving the local car number 51, sponsored by Bid's Auto Repair of Walnut Creek. He made it handle quite well for his first time in it, coming in fifth in the third heat.

We welcomed a new driver to the track last week. Roy Newen, in the Broadway Muffler Shop Special, number 77.

And a most obliging fellow he is too! Just before the semi-main event, track announcer Speed Reilly mentioned he was disappointed that there wasn't even a small hole in the fence—soon, at his earliest convenience, Roy took a trip through, opening a space large enough to please even the most discriminating!

Par laughs and thrills by the carload, don't miss tomorrow night's show at Contra Costa Speedway. Time trials at 7 p.m. with the first race at 8:15.

## Jr. Museum Alliance to Hold Party

Friends of the Diablo Junior Museum Alliance will gather for cocktails at the poolside of the Seven Hills Ranch near Walnut Creek, July 19.

The Seven Hills Ranch, home of Mr. and Mrs. A. D. Lindsay, was also the scene of last year's cocktail party sponsored by the same group.

The Junior Museum's summer program has again been enthusiastically received by the youth of this area. One hundred students have enrolled in Ferd Ruth's courses in nature study at Diablo Valley College, which include field trips.

Eugene Goslin directs the work shop at the Walnut Creek School. Two hundred sixty-five pupils are now enrolled in these classes making the total number engaged in the summer program the largest to date.

**SNAKES AND THINGS** like that hardly seem to have anything to do with these lovely ladies, members of the Junior Museum Alliance. But the fact is, that Mesdames Jack Eymann, Phillip Knox, Jr. and Linny Julius, left to right, are planning a Junior Museum Alliance cocktail party to be held at Seven Hills Ranch in Walnut Creek July 19. No, the snakes are not invited.

## What would you do with \$595,041,594?

If you're like hundreds of thousands of other Californians, you'd save it at Crocker-Anglo National Bank. That was the exact amount on hand in savings and other time deposits at Crocker-Anglo on June 30.

This half a billion dollars will make dreams come true for our customers—in the form of homes, cars, education, travel and, most important, peace of mind. Meanwhile, it is invested in securities that help build schools, roads, dams and public utilities and in loans that help rear families and build communities.

As shown by the figures below, Crocker-Anglo is growing and, as a result, playing an even greater role in personal and civic prosperity. In fact, the bank's total assets now exceed one billion, five hundred million dollars. We hope that some of those dollars represent your account.

# On The Lighter Side

by INA BLIESNER • YE 4-3818

(This week's column was written by guest editor Connie Kieny for Ina Bliesner.)

Ever been to a Dutch auction? Lots of fun and entertainment as people make 10-cent bids on a variety of articles usually provided by the group sponsoring the auction.

As the bidding starts on an article, a timer is set at anywhere from a few seconds to three minutes.

Bidders, of course, don't know when the timer is set to go off. The person bidding a dime when the timer "dings" is the lucky winner.

The Cardinal Unit of the Mt. Diablo Therapy Center recently had such an auction instead of going Dutch, they went nautica and carried out the theme with many colorful pennants. The affair was held at the home of Mr. and Mrs. George Burton.

Cardinal members and guests arrived in sports attire in keeping with the informality of the day. Barking out the bids and stimulating interest was auctioneer Harry Askham. Evert Hodges and Herb Phillips served the refreshments while Carol Hodges was the official suspense-building timekeeper.

Special treat for the day was a ride in the Askham's 1907 Maxwell car for each departing couple.

**Just Another Horseless Carriage**

Harry and Eileen Askham are active members of the Bay Area Horseless Carriage group. They have just returned from Santa Cruz where they drove their Maxwell in the Miss California parade (what better reason to own a Maxwell?).

While in the area, the group toured Santa's Village and enjoyed luncheon at beautiful Brookdale Lodge.

Water ski enthusiasts Ray and Nancy Cassani and children, Jimmy and Shelly, have just enjoyed a week of vacationing at Clear Lake. Must be fun because the Werner Petersens of Alamo just returned from a little of the same.

Can you think of a better place for a business trip than Las Vegas? Mrs. George Burton flew to the popular spot last week with business associates in governmental positions from the Bay Area.

They were greeted at the Fremont Hotel by none other than his honor, the Mayor, who held a party in their honor. Nice business!

Lynn and Larry Dini enjoyed a Saturday evening recently with Jim and Rosemary Stonhaus who came up from Fresno. It was a reunion for many of the old Oakland High crowd with lots of reminiscing and a gay time.

**And Another Vote of Thanks...**

Last week, we gave a big vote of thanks to the graduating members of one of the Junior Units of the Mt. Diablo Therapy Center. This week we'd like to do the same for the Junior Larks, Lafayette's junior unit.

Grads from Acalanes include Judy Morrison, Ann Coakley and Gayle Chamberlain. High spot for the year for this group was a big fashion show at the El Nido. The girls also made clever doll clothes and delicious candy packaged in attractive old-fashioned jars for the units' Christmas Gift Box in the Walnut Creek Shopping Center.

And not to be outdone are the Junior Robins, Concord's group. Grads from Mt. Diablo High School include Linda Curtis, Paula Mills, Janet Pimental, Judy Schrock, Darlene Hennessey, Marilyn Hanson and Alice Riley.

In addition to making gloves, scarfs and other items for the Christmas Gift Box, these young ladies helped with a big Saturday night dance at the Masonic Temple in Concord with profits going to the Therapy Center. We wish you could all know these young ladies!

Hawaiian Islands vacationers, Dr. and Mrs. Ronald Light, have returned to their Orinda home after two delightful weeks in the grass skirt country. They made the Hawaiian Village on the Island of Kauai their headquarters.

In a big rush to get there, they flew over; but not being in any hurry to get home, they relaxed on the Lurline. They brought many colorful memories back with them on 8 mm movie film which they are happily showing friends and relatives.

## Jr. College Board Elects George Gordon of Martinez

George R. Gordon, Martinez attorney, will serve as the tenth president of the Contra Costa Junior College District Governing Board for the school year 1958-1959.

He and other officers were elected Tuesday at the annual organization meeting, held in the district office at Martinez. He succeeds Elton Brombacher of Richmond.

Fred R. Abbott, Brentwood insurance man, was named vice president and Edgar W. Dale of Richmond, secretary. Dale is executive secretary of the Richmond Elks Club.

THE FIFTH BOARD member, O. J. Wohlgenuth of Walnut Creek, was also present.

It is the third time that Gordon has been named board president. He was the first president in 1949 and in 1953 became the fifth. He is a member of the firm of Carlson, Collins, Gordon and Bold.

C. Overaa and Company of Richmond was awarded a \$249,940 contract for a Student Activities Building at Contra Costa College, San Pablo, the lowest of seven bids.

The one-story, steel frame structure will be identical to the one now in use at Diablo Valley College near Concord. Plans and specifications originally prepared by Harry Bruno, architect, will be re-used. This is a district policy first invoked for the two gymnasiums and will be followed again for the two Life Science buildings.

WORK ON THE Student Activities Building will begin at once in an area below the present Humanities building. It will contain a student lounge, quarters for student government, a 500-place dining room and a smaller one for 75. Completion is expected for next spring.

The board authorized acoustical treatment for both college gymnasiums to permit use of the buildings for musical and speaking events. A contract for \$6980 was awarded the Western Asbestos Company of Oakland, the lowest of five bidders.

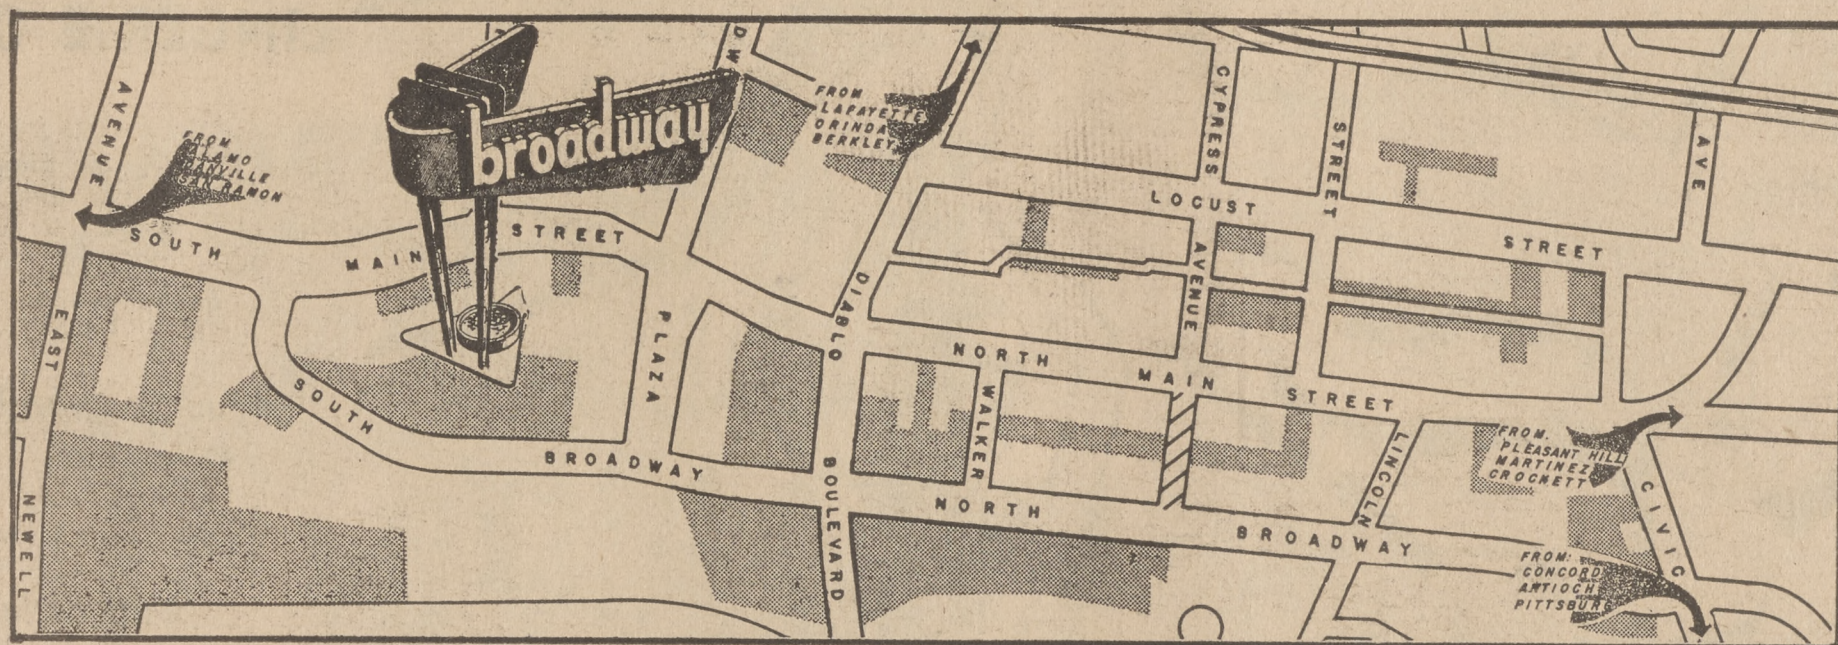

Authorization was also given for purchase of a quarter of an acre of land adjoining Contra Costa College campus from Mrs. Daisy Jerome for \$2000 for use as a maintenance

# WALNUT CREEK OPERATION SHOPEASY!

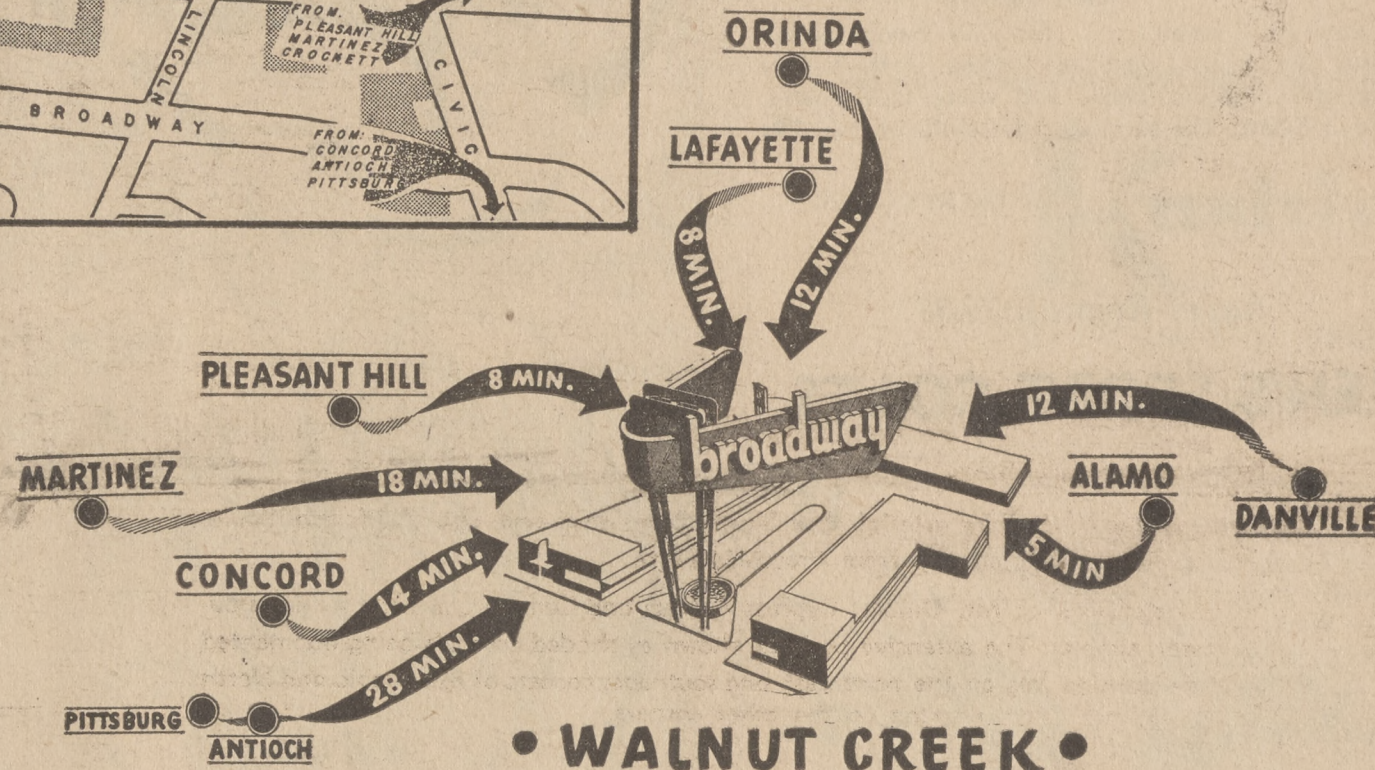

To celebrate the opening of the newly-constructed streets and parking lots, Walnut Creek stores are presenting operation "Shopeasy." This major sales event will continue through Saturday, July 19, and offers outstanding values in merchandise.

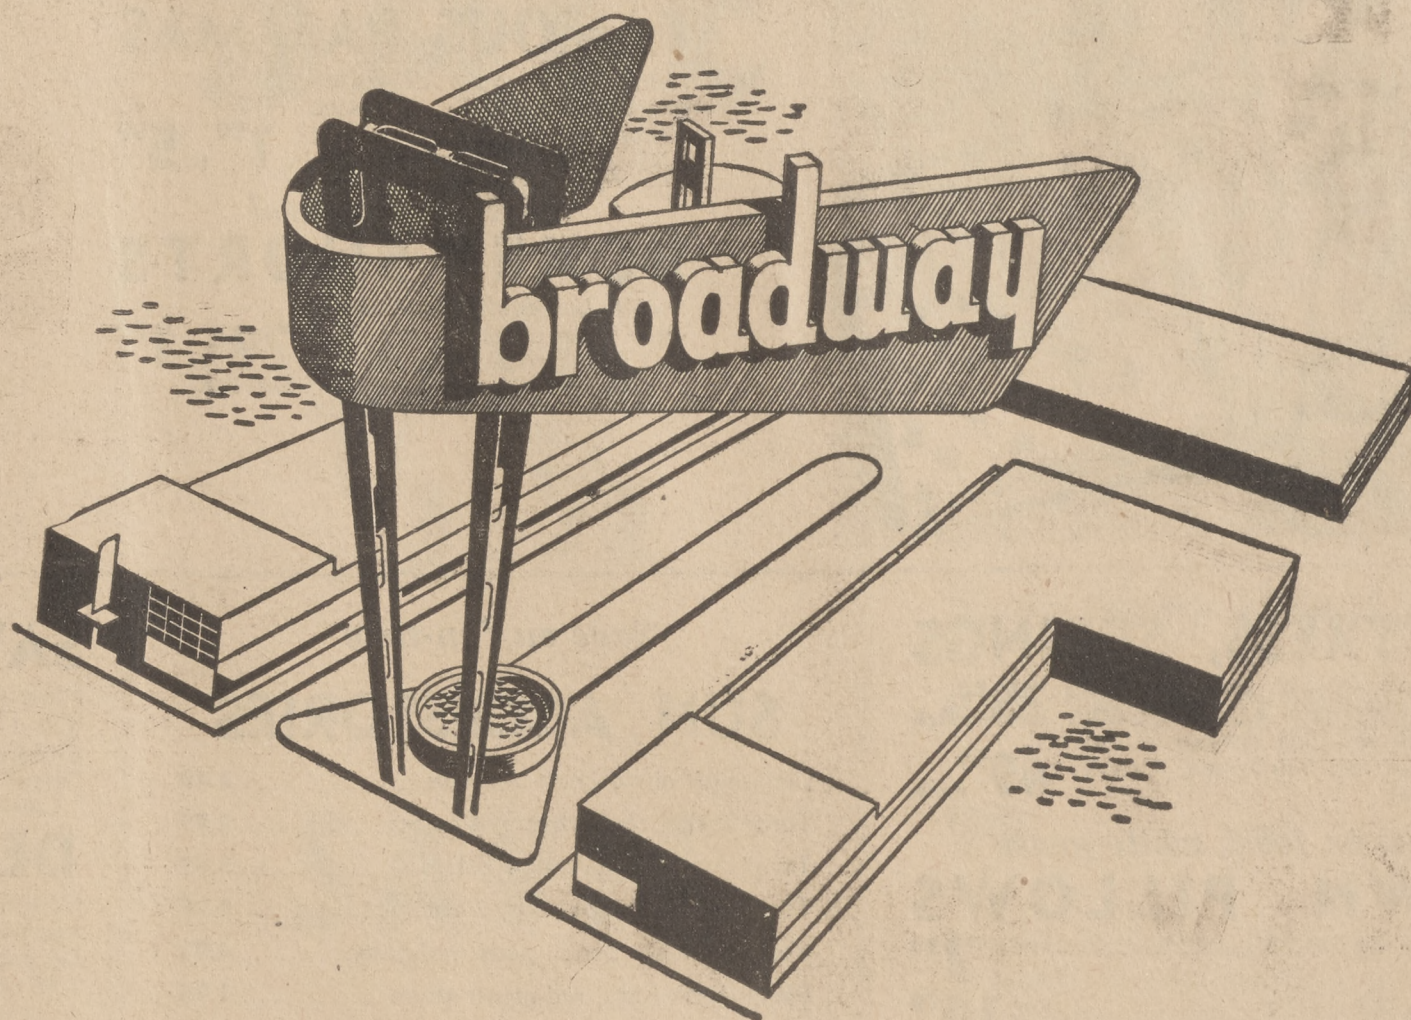

It is very easy to drive, park and shop in Walnut Creek, as the above map testifies. This is due to the new arterials like North Broadway, and also California Boulevard which feed traffic to and from Broadway Plaza.

The extensions of Mt. Diablo, Cypress Avenue and Commercial Lane make circulation faster, simpler. The extensive parking, shown by shaded areas, is being augmented by the new parking lots on the northwest and southeast corners of Mt. Diablo and North Broadway and additional parking on the other corners.

'Shopeasy' Means Just That:  
It's WC's Biggest Ball!

"Without a doubt, 'Operation Shopeasy' in Walnut Creek will be the biggest celebration the merchants have ever held," George Webster, Walnut Creek Area Chamber of Commerce director and chairman of the Broadway Merchants Association, said today. The big sales continue through Saturday, July 19, for nine big days.

Wester said, "You must know that this is the biggest thing that has happened to Walnut Creek in its history. The merchants and local businessmen worked hard for this day."

"And they are going to make Operation Shopeasy just that for customers from all over the county. Thanks to the completion of the Little Master Plan, it's no longer difficult to get in and out of Walnut Creek."

He added, "And it'll be easy finding that top value in the things you need for the summer. We, the merchants, have been stocking up for this event for weeks."

"We plan to meet a lot of new people in Walnut Creek, now that shopping is so easy, and we mean to surprise them with the best values they have ever found anywhere, anytime."

"Stores now have wider selections than ever before."

He continued, "One thing we have always been able to say—our merchandise is top quality, and that's why we have always had a tremendous buying public. Only now, we look forward to an even brighter future with the facilities to handle thousands more people and cars, and to satisfy their every wish."

Kids! Come To Broadway's  
Big Pet Parade July 18

Rollerskates, telescopes, guns, flash cameras, pen and pencil sets, merchandise orders—50 prizes in all will be awarded at the Broadway-Pard Pet Parade Friday, July 18, at the Broadway Shopping Center, Walnut Creek.

Approximately \$200 worth of prizes will be awarded to the holders of the dog with the longest tail, dog with shortest tail, pet with longest ears, pet with shortest ears, dogs with longest nose, dog with shortest nose, most comically-dressed pet, and most unusual pet.

PRIZES will be given in each category.

The prize-filled event is open to all children. They will be treated to Bireley's beverages, popcorn through the courtesy of Swift's All-Sweet and cotton candy by Spreckles Sugar.

In addition to the refreshments, parade hats and free Broadway balloons will be given to children attending.

THE PARADE will start at 10 a.m. at the Safeway Store (Newell Ave. and Main St.) Parking Lot at the south end of the Broadway Shopping Center. The parade will march north to the judging area in front of Lucky Foods store.

Highly qualified judges will officiate during the parade.

The Broadway Pard Pet Parade committee invites all children to either participate or attend as spectators.

## New Streets On Broadway Delight Betty

BY BETTY

I've always enjoyed "Broadway"—you know that—but I must say that it's quite a difference since they finished those new streets and everything!

My husband told me it's called the Little Master Plan and they developed it so shoppers can drive about with even greater ease, and add more parking spaces.

Well, they have certainly done that!

ONE OF MY neighbors and I took a drive on the new streets yesterday just for fun, and it was a wonderful experience. It is so much easier to get in and out of Walnut Creek!

I didn't know much about what the Little Master Plan meant before, but I certainly do, now!

They are celebrating the completion of the work this Sunday with special ceremonies at Mt. Diablo and North Broadway, at a corner of the new parking lot.

And, of course, the biggest thing for me and the gals in our neighborhood is the wonderful "Operation ShopEasy" to run through the end of next week.

WALNUT CREEK merchants feel that this is a most important event for them and they are offering new varieties and lower prices than ever, so visitors from far away will remember!

Folks will be coming from everywhere — the celebration is that big!

Now, take Robert Sawyer's for instance. Robert Sawyer recently moved to Newell Avenue, south of Capwell's parking lot. They don't have too many "specials" but when they do, it's something.

They are going all out this week and next with a big sale!

I'm going to buy a wedding gift for the Robertsons' down the block. It's an exquisite, sterling dish.

Our big project during the next few weeks is our patio. We're going to fix it up, and Capwell's is featuring just the items we need.

IT'S GOING to be a joy to get rid of that old stuff and Capwell's has wonderful buys in recoverers for captain's chairs, chaises and other patio furniture. And their snack tables are really clever.

Their staff of interior decorators will visit my home without any additional charge with complete selections of drapes, upholstery, slipcovers and accessories. And the prices are the same as when you shop in person!

AND IN-PERSON shopping at Penney's is even easier now, with the new rear entrance and parking area just behind the store.

I just read a Sun advertisement by Smith's in Broadway. It's all about a sale on men's

## Betty Loves 'Shopeasy' Specials, Celebration

Continued from preceding page.

suits. I called a friend of mine about it, since she said awhile ago that her husband needs a good suit, provided the price is right.

Smiths has a large selection of suits, including all wools, silks and wools, dacron-wool blends and acetate-silk blends.

My own husband may be interested in the Kushins ad, concerning a wonderful "Shopeasy" sale on men's shoes. He needs a new pair.

MY FRIENDS tell me, "Betty, you certainly practice what you preach," and for me it's just fun. Yesterday I toured Goldman's, and bought a most attractive necklace and earring set at an amazing price. In fact, I bought an extra set—but different, of course, for a friend.

On the way down the street, I was intrigued by the offer being made by Sterling Furniture Company. They are offering \$2 "trade in" per square yard for your old carpet on the purchase of certain new broadlooms. It's a tremendous trade-in, and there's a chance for anyone who wants to improve their living room.

My travels in Broadway almost always bring me to Sherman-Clay. It's fun just to look over their wonderful instruments, which can be bought now at terms, so reasonable!

Anyway, I'm interested in piano lessons, and they will rent a beautiful piano, with the rental applicable to its purchase if desired.

IT'S ALWAYS a kick to discover that a new store has opened in Broadway. The newest is the Photoette Camera Shop.

They have a special offer. They offer free one roll of film, black and white, for each roll brought in for developing and printing. You need to bring in the Sun advertisement to "qualify."

The store is where the Washette used to be.

One of the most amazing and delightful creations is that line of "Jollytops by Vera" which is featured at Joseph Magnins in Broadway. They make a blouse with the effect of a scarf, and they go over slim pants or shorts. Just right for making a summer impression!

SUMMER TIME is the time for smartly-styled sport shirts—in fact the four seasons all like them, especially when they come from Grodins. Grodins has a "Shopeasy" special on sport shirts. And they have specials on shoes and many other items during their annual July sale.

The fifth anniversary is coming up for Klad-ezee, and they are showing how they have attracted and made customers happy for five years with an anniversary sale.

## Broadway Has Everything You Need For Vacation!

"Vacation Days" are wonderful days at the Broadway Shopping Center!

George Webster, chairman of the Broadway Merchants Association, said: "You may look forward to your vacation, but we really look forward to Walnut Creek's Operation Shopeasy."

"We are offering just about

anything and everything you will need for your vacation, and it will be the best, and at very reasonable prices."

He added, "We'll have complete vacation wardrobes, and all the equipment necessary, every thing from a complete patio of furniture to a spatula for barbecuing!"

## It's A Breeze -- Driving and Parking in WC Shop Areas!

"It's a breeze!" That's what happy shoppers will be saying as they drive on Walnut Creek's wide, new streets — stopping here and there during "Operation Shoppeasy."

"The greatest street construction job in Walnut Creek's history is completed. This means that driving in Walnut Creek is now easy, with no complicated traffic problems. And stopping will be easy, too, thanks to the new parking created with the new streets," said Sal Blasquez, Walnut Creek Chamber of Commerce director and steering committee member of the Broadway Merchants Association.

"Take a look at the map printed in this issue," he advised. "It shows that there is no such thing as a 'bottleneck' in Walnut Creek anymore."

HOW HAS A former chore become a breeze? Here's how.

New streets.  
New traffic signals.  
Wider bridges.  
New street extensions.  
Better traffic flow.  
New off-street parking.  
Increased on-street parking.  
New freeways and by-passes in Central Contra Costa.

"The map shows how easy it is to get on and off Main Street, how easy it is to get in and out of the Broadway Shopping area. These improvements have cost the citizens of Walnut Creek \$2 million, but they know it is worth it," Blasquez said.

Everyone celebrating "Operation Shoppeasy" in observance of the completion of the Little Master Plan, can also anticipate completion of another big job still going on west of the downtown area, Blasquez continued.

It is the \$8 million Walnut Creek Bypass, which will take all "through" traffic bound for Alamo, Danville and points south, and Pleasant Hill, Concord and points north — out of the shopping areas and off Oakland Boulevard and California Boulevard.

## Haywagon Ride Planned By Broadway

Wagon wheels will be rollin' in Broadway on Saturday, July 19, according to George Webster, chairman of the Broadway Merchants Association.

He said that boys and girls will ride free of charge on a haywagon, complete with horses, competent driver, and lots of hay to make the bumps soft!

The wagon will offer rides from 12 noon to 5:30 p.m. If anyone has a guitar, he is welcome to bring it, Webster said.

Parents will be able to put their youngsters on the wagon and relax for a few minutes. This is another of Broadway's program to provide entertainment for children during busy shopping days, Webster said.

## Photoette Opens In Broadway

The opening of the new Photoette Camera Store in Broadway, Walnut Creek, is already drawing many amateur and advanced amateur camera fans, according to owners Ray Barbara and George Carvelho.

"We have a large variety to suit individual tastes and have a complete line of Optica, one of the top brands," the owners added.

In addition, a complete assortment of microscopes, binoculars and telescopes are stocked.

"Custom photo finishing of highest quality is offered. Individual attention is given to all negatives and processing," the owners stated.

The store is open from Monday to Saturday, 9:30 a.m. to 6 p.m., but Thursdays and Fridays until 9 p.m.
